### Overall Expectations

*Feel free to copy the suggested expectations from the Liftoff Team Activity document if your group agrees to them. Be sure you have also covered the following:*

- Ask for help when needed before falling behind on deadlines
- Be willing to help each other instead of displaying an “it’s not my job” attitude
- Be flexible to assist with group needs
- Consistently communicate about where you are at with the project via Team Slack Channel
- Attend all group meetings, communicating if you need to miss a class ahead of time
- Treat it like a job, not like a typical group project
  - You will be working on a project that may mimic how you will work on a dev team
  - If you consistently do not show up to work or are not doing the tasks that you committed to completing, you may be removed from the course.

**Communication** (how will your group communicate?):

**Discord - weekend evening meet outside of class time**

**Giving Feedback** (how will feedback always be communicated and where will it be shared?)

**Discord - topic specific channels**

**Conflict Resolution** (when there is conflict within the group, what will need to happen for it to be resolved) **Talk it out, like adults 😊**

**Workload** (how will you ask for help, how will you divide up tasks?)

1. Bridget: Front end
2. Kyaria: Back end
3. Jenna: Front end. Project Manager
4. Sneha: Front & Back end
