Team Name: Six Figure Club

Overall Expectations:

- Ask for help when needed before falling behind on deadlines
- Be willing to help each other instead of displaying an "it's not my job"
 attitude
- Be flexible to assist with group needs
- Consistently communicate about where you are at with the project via Team Slack Channel
- Attend all group meetings, communicating if you need to miss a class ahead of time
- Treat it like a job, not like a typical group project (You will be working on a project that may mimic how you will work on a dev team.)

Communication (how will your group communicate?)

• Communication through Slack and Zoom calls

Giving Feedback (how will feedback always be communicated and where will it be shared?)

• Feedback will be given through Slack

Conflict Resolution (when there is conflict within the group, what will need to happen for it to be resolved)

• Respectful communication

Workload (how will you ask for help, how will you divide up tasks?)

- 1. We will reach out through Slack and during Zoom meetings for any questions or hang-ups on our project.
- 2. Tasks will be divided up by communicating what everyone would like to implement/learn.
- 3. We should attempt to balance workload so that nobody is overwhelmed, leaving everyone time to help each other out.
